7. Problem						
Requirement 2.2.5.1.5 states that the RTPS shall provide the capability to monitor all End-Item FD's current state against						
	expected state during all operational End-Item phases. It is not clear here how an operational End-Item phase is defined.					
		operational and not att	ached to	the RTPS? If so how will this rec	quirement be met in	
that situation	n?					
8. Recommendatio						
-		•	erational	phases of the End-Items. Alterna	itively, the clause	
mentioning t	the phases could be dele	eted.

## Response Attachment 200-329

The requirement in question has been rewritten as follows:

2.2.5.1.5 The RTPS shall provide the capability to monitor all End-Item FD's current state against expected state.
